21 or as reauthorized in the future, including reasonable use  
22 of National Wilderness Preservation System lands or Spe-

3 **SEC. 6. WATER.**

4 (a) FINDINGS, PURPOSE, AND DEFINITION.—

5 (1) FINDINGS.—Congress finds that—

6 (A) the lands designated as wilderness or  
7 a Special Management Area by this Act are lo-  
8 cated at the headwaters of the streams and riv-  
9 ers on those lands, with few, if any, actual or  
10 proposed water resource facilities located up-  
11 stream from such lands and few, if any, oppor-  
12 tunities for diversion, storage, or other uses of  
13 water occurring outside such lands that would  
14 adversely affect the wilderness values of such  
15 lands;

16 (B) the lands designated as wilderness or  
17 Special Management Area by this Act are not  
18 suitable for use for development of new water  
19 resource facilities, or for the expansion of exist-  
20 ing facilities; and

21 (C) therefore, it is possible to provide for  
22 proper management and protection of the wil-  
23 derness value of such lands in ways different  
24 from those utilized in other legislation desig-  
25 nating as wilderness lands not sharing the at-

1           tributes of the lands designated as wilderness or  
2           Special Management Area by this Act.

3           (2) PURPOSE.—The purpose of this section is  
4           to protect the wilderness values of the lands des-  
5           ignated as wilderness or Special Management Area  
6           by this Act by means other than those based on a  
7           Federal reserved water right.

8           (3) DEFINITION.—As used in this section, the  
9           term “water resource facility” means irrigation and  
10          pumping facilities, reservoirs, water conservation  
11          works, aqueducts, canals, ditches, pipelines, wells,  
12          hydropower projects, and transmission and other an-  
13          cillary facilities, and other water diversion, storage,  
14          and carriage structures.

15          (b) RESTRICTIONS ON RIGHTS AND DISCLAIMER OF  
16          EFFECT.—

17               (1) WATER RIGHTS CLAIMS.—Neither the Sec-  
18          retary of Agriculture nor the Secretary of the Inte-  
19          rior, nor any other officer, employee, representative,  
20          or agent of the United States, nor any other person,  
21          shall assert in any court or agency, nor shall any  
22          court or agency consider, any claim to or for water  
23          or water rights in the State of Colorado, which is  
24          based on any construction of any portion of this Act,  
25          or the designation of any lands as wilderness or Spe-

1        cial Management Area by this Act, as constituting  
2        an express or implied reservation of water or water  
3        rights.

4            (2) NO AFFECT ON WATER RIGHTS.—Nothing  
5        in this Act shall be construed as a creation, recogni-  
6        tion, disclaimer, relinquishment, or reduction of any  
7        water rights of the United States in the State of  
8        Colorado existing before the date of enactment of  
9        this Act.

10           (3) NO INTERPRETATION OR DESIGNATION.—  
11        Except as provided in subsection (g), nothing in this  
12        Act shall be construed as constituting an interpreta-  
13        tion of any other Act or any designation made by or  
14        pursuant thereto.

15           (4) NO PRECEDENT.—Nothing in this section  
16        shall be construed as establishing a precedent with  
17        regard to any future wilderness designations.

18        (c) NEW OR EXPANDED PROJECTS.—Notwith-  
19        standing any other provision of law, on and after the date  
20        of enactment of this Act neither the President nor any  
21        other officer, employee, or agent of the United States shall  
22        fund, assist, authorize, or issue a license or permit for the  
23        development of any new water resource facility within the  
24        areas described in sections 3 and 4 or the enlargement

1 of any water resource facility within the areas described  
2 in sections 3 and 4.

3 (d) ACCESS AND OPERATION.—

4 (1) ACCESS TO WATER RESOURCE FACILI-  
5 TIES.—Subject to the provisions of this subsection,  
6 the Secretary shall allow reasonable access to water  
7 resource facilities in existence on the date of enact-  
8 ment of this Act within the areas described in sec-  
9 tions 3 and 4, including motorized access where nec-  
10 essary and customarily employed on routes existing  
11 as of the date of enactment of this Act.

12 (2) ACCESS ROUTES.—Existing access routes  
13 within such areas customarily employed as of the  
14 date of enactment of this Act may be used, main-  
15 tained, repaired, and replaced to the extent nec-  
16 essary to maintain their present function, design,  
17 and serviceable operation, so long as such activities  
18 have no increased adverse impacts on the resources  
19 and values of the areas described in sections 3 and  
20 4 than existed as of the date of enactment of this  
21 Act.

22 (3) USE OF WATER RESOURCE FACILITIES.—  
23 Subject to the provisions of subsections (c) and (d),  
24 the Secretary shall allow water resource facilities ex-  
25 isting on the date of enactment of this Act within

1 areas described in sections 3 and 4 to be used, oper-  
2 ated, maintained, repaired, and replaced to the ex-  
3 tent necessary for the continued exercise, in accord-  
4 ance with Colorado State law, of vested water rights  
5 adjudicated for use in connection with such facilities  
6 by a court of competent jurisdiction prior to the date  
7 of enactment of this Act. The impact of an existing  
8 facility on the water resources and values of the area  
9 shall not be increased as a result of changes in the  
10 adjudicated type of use of such facility as of the date  
11 of enactment of this Act.

12 (4) REPAIR AND MAINTAINENCE.—Water re-  
13 source facilities, and access routes serving such fa-  
14 cilities, existing within the areas described in sec-  
15 tions 3 and 4 on the date of enactment of this Act  
16 shall be maintained and repaired when and to the  
17 extent necessary to prevent increased adverse im-  
18 pacts on the resources and values of the areas de-  
19 scribed in sections 3 and 4.

20 (e) EXISTING PROJECTS.—Except as provided in  
21 subsections (c) and (d), the provisions of this Act related  
22 to the areas described in sections 3 and 4, and the inclu-  
23 sion in the National Wilderness Preservation System of  
24 the areas described in section 3 and 4, shall not be con-  
25 strued to affect or limit the use, operation, maintenance,

1 repair, modification, or replacement of water resources fa-  
2 cilities in existence on the date of enactment of this Act  
3 within the boundaries of the areas described in sections  
4 3 and 4.

5 (f) MONITORING AND IMPLEMENTATION.—The Sec-  
6 retaries of Agriculture and the Interior shall monitor the  
7 operation of and access to water resource facilities within  
8 the areas described in sections 3 and 4 and take all steps  
9 necessary to implement the provisions of this section.

10 (g) INTERSTATE COMPACTS.—Nothing in this Act,  
11 and nothing in any previous Act designating any lands as  
12 wilderness, shall be construed as limiting, altering, modi-  
13 fying, or amending any of the interstate compacts or equi-  
14 table apportionment decrees that apportion water among  
15 and between the State of Colorado and other States. Ex-  
16 cept as expressly provided in this section, nothing in this  
17 Act shall affect or limit the development or use by existing  
18 and future holders of vested water rights of Colorado's full  
19 apportionment of such waters.

20 **SEC. 7. NATURITA CANYON MANAGEMENT PROVISIONS.**

21 (a) WITHDRAWAL.—Subject to valid rights in exist-  
22 ence on the date of the enactment of this Act, land de-  
23 scribed in subsection (b) is withdrawn from all forms of—

24 (1) entry, appropriation, or disposal under pub-  
25 lic land laws;

1           (2) location, entry, and patent under mining  
2       laws; and

3           (3) disposition under all laws pertaining to min-  
4       eral and geothermal leasing or mineral materials.

6   under subsection (a) is the approximately 6,596 acres de-  
7   picted on the map titled “Naturita Canyon Mineral With-  
8   drawal Area” and dated May 2009.
